DETAILED ACTION

Remarks

1. In response to the Amendments filed on 08-June-2007, claims 1-9 are canceled and new claims 10-29 are added per Applicant's request. Therefore, claims 10-29 are presently pending in the application, of which claims 10 and 28-29 are presented in independent form.

Allowance

2. Claims 10-29 are allowed over the prior art made of record.
3. The following is an examiner's statement of reasons for allowance:

The Terminal Disclaimer submitted by the Applicant on 08-June-2007 (approved by the Office on 20-June-2007) overcomes the previous Double Patenting rejection made to the claims of the instant Application.

The prior art of record, do not disclose, teach, or suggest the claimed limitations of (in combination with all other features in the claim):

“selecting a first record within the first health care database, wherein the first record comprises a first plurality of identification fields and a first health care field that comprises health care data associated with the individual”, where a first subset of the first plurality of identification fields within the first record are selected, a first concatenated identifier is created using the selected first subset of the identification field, and a unique alias is created by encrypting a part of the first concatenated identifier, as recited in independent claims 10, 28, and 29.

Art Unit: 2165

Claims 11-27 are allowed over prior art made of record for being dependent from the allowed independent claim 10.
